Faculty General Office (FGO) staff will check on the discrepancies after the verification exercise.

According to Rule IV ---→ Clause (5) (3A) ---- >

“Where a candidate registers more elective courses than required in the same elective group, the candidate shall declare which existing elective course to be replaced to fulfill the requirement of that elective group before the end of add/drop period. Failing to do so, the most recent grade obtained from the required number of courses shall be taken into the calculation of GPA and CGPA.”

This course verification exercise is only for students who have paid the student bill.

If you make the payment late and missed the online course verification exercise and required to do declaration for the elective course (Replacement / Audit), then please visit to FGO immediately after you made the payment.
