### Management Trainee – Engineering (5 Positions)

Sanjung Khas, a small, emerging, forward looking and award winning air-conditioning Service company is calling all graduate Engineers to apply for the above position to help with our expansion plan.

Who we are looking for :

We are looking for graduate Engineers who are eager to learn, self-driven and hard working. Candidates who are willing to make a difference at the work place.

As a management trainee in an air-conditioning service company you will be given Basic, Intermediate plus Advance training which include safety, tools, equipment, refrigeration, electrical wiring plus on the job training.

Requirements :

- Engineering Degree with a CGPA above 3.0.
- Excellent written and communication skills in English & Bahasa Malaysia.
- Self Starters who are energetic & proactive.
- Keen eye for details and good time management skills.
- Flexible & able to adapt to different environment.

Responsibilities :

- After the necessary training be able to lead, train & mentor a team of technicians.
- Ensure service, repair & installation works are carried out to the required standards and in a timely manner.
- Ensure all health and safety procedures and standards are maintained at the job sites.
- Ensure Service reports are completed in a concise and timely manner.
- Cultivate and maintain good working relationships with customers.

What we offer :

- Initial 1 year employment contract with a monthly basic salary of RM3000.
- Candidates who meet our requirements will be taken in as permanent employees with a monthly Basic salary of RM3500 after the initial contract period.
- A clear & fast track career path to be specialists or team leader within 2 to 3 years.
